If you or a loved one receives supports through the **Supported Living Services** or **Developmental Disabilities** (“DD” or “Comprehensive”) programs, you may have experienced some changes to the services you receive.

The ARC of Mesa County, in collaboration with Mesa Developmental Services, Community Options, Mountain Valley Developmental Services and Horizons Specialized Services would like to invite you to share your questions, comments and concerns with policy-makers from the State of Colorado.

Please join us for a unique opportunity to have a **personal conversation** with employees from the Colorado Department of Human Services, Division for Developmental Disabilities. State staff will be available to answer questions and hear feedback from individuals in services, parents, guardians and other interested people.

When:

Monday, August 10, 2009

6:30 p.m. – 7:30 p.m.

Where:

Mesa Developmental Services
